DAILY

Nevada State Journal.

WASHOE COUNTY OFFICIAL PRESS

SATURDAY, JULY 10, 1875.

NEWSPAPER ENTERPRISE.

The New York *Herald* is justly the leading newspaper of the United States. There is no journalistic feat so difficult the *Herald* will not attempt, and succeed in accomplishing. It is a living illustration of combined energy and perseverance. Its latest move is as novel as it is enterprising. It is now reported that the *Herald* proposes to put its Sunday edition into Chicago on Monday morning, or twenty-four hours ahead of any other New York paper. To accomplish this it has made arrangements with Vanderbilt to start a train at 2:30 A. M., Sunday morning, and run over the Hudson river and Central roads to Buffalo, four hundred and fifty miles in ten hours, including all stops. This involves greater speed than has yet been accomplished for so long a distance on any of our railroads. The average rate of the new "hinted" express from New York to Washington is thirty-seven miles per hour; the *Herald's* newspaper train is forty-five miles per hour. The price paid per trip is $900.

Mining Prospects at Island Mountain, Idaho, and Cornucopia.

An Elko telegram of the 6th gives the annexed mining intelligence. The dispatch is enthusiastic over the mining prospects in Northern Elko. The placer diggings are good, while new strikes are reported in both the Panther and Leopard mines:

Freeman & Co. have just received sixty ounces of dust from their claim at Island Mountain, the clean-up of fourteen days' working with four Chinamen and two white men. Owing to shortness of water, they are only able to sluice four hours each day.

The Young America at Tuscarora sends in a two hundred and twenty-five ounce bar of gold from their claim.

News from Cornucopia reports the striking of another rich body of ore in the Leopard in the drift from their south winze; width eighteen inches, and assays from $1,100 to $1,700 per ton.

The stage brings in four bars of $6,500 of Leopard bullion. This, with a previous shipment, makes $15,000 so far this week. Owing to the purchase of their twenty-stamp mill, it was thought that they would be compelled to pass their dividend of this month. We are, however, assured that the regular dividend will be paid.

The Panther Company has just passed through a compact body of ore twelve feet in width in shaft number two.

There is no material change in the Tiger and Hussey.

The Constitution is now passing through a formation the same as that lying next to the Leopard, which gives encouragement to a near approach to the ledge.

Owing to a strong opposition between the stage lines running to Cornucopia, the fare has been reduced to five dollars, and the time to ten hours.

TELEGRAPHIC NEWS ITEMS.

The quality and quantity of the Arizona grain crop is now reported as inferior compared with former years.

The editorial excursionists passed Fremont, Nebraska, Thursday on their way West.

A commercial crash is feared in Norway.

The National Grange headquarters were Thursday transferred from Washington to Louisville, Kentucky.

Frank Moulton, in a letter, demands trial on the indictment found against him a year ago for libel, in charging Beecher with having committed adultery with Mrs. Tilton. The District Attorney answers, begging delay until the weather is cooler.

NEVADA MINING NEWS.

[From the Gold Hill News of Thursday.]

Consolidated Virginia.

Daily yield, 550 to 600 tons of ore. The ore breasts on the 1500, 1400 and 1300 foot levels continue their regular yield of rich ore, with no material change in either the general appearance or yield. But little prospecting is being done in the mine, so that but few developments need be expected for several months to come. The yield for the past month was a little in excess of $1,500,000, which, after paying the current expenses and dividend of the month, will still leave a considerable surplus. It is the expectation that the yield for the month of July will not vary but little, if any, from that of June, as the same mills will be employed and about the same amount of ore extracted.

Ophir.

Daily yield, 300 tons of ore. It is the intention to shut the mine down about the 20th of the present month for the purpose of retimbering about 300 feet of the shaft, and the putting in of a new gallows frame. This will take some time, and the present double increase in the amount of ore extracted is to keep the mills going while the mine is shut down. The ore stopes on the 1465-foot level are looking and yielding well. The east drift on the 1500-foot level has been connected with the ore vein ready to commence the stoping of ore. On the 1600-foot level the stoping of ore has already been commenced, and the breasts are opening up splendidly, promising an excellent yield of fine ore.

California.

Cross cuts Nos. 4, 5 and 6 are still pressed energetically ahead, the face of all still in fine ore. The lateral drift running northward in the ore vein to connect cross-cuts Nos. 4 and 5 is also in rich ore. On the 1400-foot level the north drift from cross-cut No. 3 is being extended toward the north line with the intention of continuing the cross-cut and blocking up of that portion of the ledge.

Silver Hill.

Sinking the shaft is making steady headway, notwithstanding the extreme hardness of the rock penetrated. The rock at the bottom is of an unusually hard, tough character, and it requires the utmost exertion and energy to make even fair progress. The prospecting drifts and cross-cuts on the third station level have developed nothing new during the week.

Belcher.

Daily yield, 450 to 500 tons of ore, keeping the mills all steadily running. The ore breasts on the different ore-producing levels all show well and keep up their usual yield, while the character of the ore is gradually on the increase, the yield for the past month being considerably greater than for some time past.

Mexican

The winze near the north line of the Ophir is down 80 feet, the bottom in low grade ore. The sinking is making favorable progress.

Crown Point.

There is little or no change in the production of the mine. Daily yield 500 tons of ore. No change in any of the ore-producing sections worthy of note. This main east drift of the 1700 foot level is steadily advancing toward the over vein, with no new features whatever to relate.

OREGON AND WINNEMUCCA RAILROAD.

Last week we made mention of the fact that the surveying party who have been engaged in taking altitudes along the line of the proposed Oregon and Winnemucca Railroad have arrived at Winnemucca, and had examined the route through Surprise and Fandango Valleys, and considered it a practicable route, with no serious difficulties in the way of grading the road. This route, besides being the most practicable one which could be found for said road, possesses other advantages over other routes. Surprise and Goose Lake Valleys are large, fertile and well watered valleys, capable of producing any thing that can be raised in the temperate zones, while south and west of these valleys is a large scope of as good agricultural land as can be found any where. In fact, the entire route of the proposed road will pass through an unbroken succession of rich agricultural and mining country, which needs only the advantage of a convenient market to make it one of the wealthiest sections in the United States.—*The Modoc Independent July 3rd.*

Brooklyn is now preparing a public reception for Beecher, as an expression of confidence in and affection for him.

ELECTRIC FLASHES.

The Americans are not to be permitted to shoot with the English, Scotch and Irish at Wimbledon in the Echo-shield match; but it is proposed that a picked eight from the twenty-four composing the English, Irish and Scotch teams shall shoot against the American eight on the 17th for the Lloyd cup.

The ballot system was inaugurated in the Province of Quebec Thursday, in an election for members of the Legislature.

The matter of the visit of the Prince of Wales to India was before Parliament Thursday evening. The expense is estimated at $710,000; against which some members protested. The Prince is to leave October 17, to be absent six months.

More overflows, causing loss of life and destruction of property, are telegraphed from France.

More successes for the Alfonsists are reported from Spain.

The rifle team visited the Giants' Causeway Thursday and went to the theater last night. The enthusiasm of the Belfasters is unabated.

The first reports of the destruction caused by the recent storms in Hungary are fully confirmed.

The Earl of Dufferin, Governor General of the Canadian Dominion, at a banquet Thursday night in London, spoke warmly of the love of Canada for England, and paid a graceful compliment to the United States, at which the *Standard* raves frantically.

A frightful storm is reported from France and Switzerland.

STOCKS AND MINES.

Stocks are encouragingly stiff to-day, but the market is not lively, and the Spring rise has evidently not yet set in. The Consolidated Virginia declares her usual monthly dividend of $10 per share, payable next Saturday, and carries over a surplus to assist the dividend of next month, should such assistance be needed. The Ophir will shut down on the 20th instant, in order to repair three or four hundred feet of the shaft below the six or seven foot level. A new hoisting or gallows frame is to be erected, and other much needed improvements made in the hoisting apparatus and surface arrangements. This will take about two months—perhaps less. Meanwhile the rich ore developments in the California and Consolidated adjoining it will be pushed forward as usual. The recent annual election of the Imperial Mining Company resulted in the re-election of the old Board of Trustees, there being little or no change in the control. We have little in the shape of encouraging news to give at present relative to the stock and mining situation; active development is going ahead all along the line, as usual. —*Gold Hill News of Thursday.*

The Grass Valley *Union* published a two-column Fourth of July poem, and every able-bodied man in town is out with a club looking for the poet. The guilty editor has barricaded the door, and spends his time drilling the printors.

187 Drinks — The door tender at the Knights of Pythias ball, in Reno, Monday evening, adopted a novel method of keeping track of the number of drinks taken by each one of the Knights. Securing a conductor's punch, he required every one to present his ticket whenever they left the hall, and perforated in card-board at each exit. We do not know what kind of a score the Reno boys made, but a return Silverite showed us a ticket with one hundred and eighty seven holes in it. And still he says he don't drink on such occasions.

If the Knight who acted as door-keeper that night, when he Reed(s) the above notice from the Lyon County *Times*, don't pull out his little shotgun, we shall Reed him out of the Order.

All stocks improved yesterday, both in tone and activity. There was more business than has been usual of late and prices were stronger on all the leading stocks. There is an evidently increasing ease in money matters and consequently more disposition to buy those stocks representing mines which are approaching a more complete state of development. Shafts have been sunk and drifts opened in many properties where cross-cutting will soon take place under the best prospects.

Prison Work. — Work on the new prison will be in full blast during the coming week; and for the next four months. About forty men will be kept in constant employment during that period.

Library Open. — The Episcopal Sunday School Library will be open at 12 o'clock on Sunday.

A MOVE IN THE RIGHT DIRECTION.

Susanville, July 5, 1875.

Editor Journal: — I see by the last Nevada State Journal that at the Nevada State Fair, to commence at Reno on the 4th of Oct., the speed programme has been so arranged that in all the races except one, the entries are confined to horses raised or owned in the State of Nevada or on the eastern slope of the Sierras. Our Nevada friends, in this arrangement, are entitled to great credit, particularly from us Californians, who are admitted on an equal footing with themselves to contend for the liberal purses which they have put up. Heretofore there has been little or no encouragement for men who were raising and training young horses up here in the mountains, to attempt to show them at the Reno races, for they were sure to have to contend against horses shipped from Sacramento and San Francisco for the occasion, and very often old stagers are rung in under false pretenses as green horses. This condition of affairs made it very unsafe for our boys, who could not have the advantages possessed by the lower country sharpers. But under the present arrangement there is great encouragement for men who are trying to raise good stock in this upper country, and who are compelled, if at all, to put them into races under great disadvantages. I hope our Nevada friends will continue this rule and see that it is lived up to in good faith, and thus protect our stock raisers from the sharp practices of the gang of professional horse race gamblers, and I hope our Lassen county horse raisers will bring out their fine stock on that occasion, and put in such an appearance at the State Fair, at Reno, this Fall as will show our Nevada neighbors that we appreciate their generosity. Bes.

THE WEEKLY JOURNAL.

The Weekly Journal, published every Saturday, will be furnished to those desiring it at $4 00 per year in advance. It will contain the local news of the week, a careful summary of the State, Pacific Coast and mining news, together with a variety of miscellaneous and editorial matter, containing more reading than any weekly paper ever published in the county. Those desiring to subscribe for the Weekly Journal will please call at the publication office.

The Consolidated Virginia Mining Company has declared its usual monthly dividend of $10 a share.

You that are in need of a good boot or shoe, and a neat fit, go to John Sunderland's shoe store on Virginia street, the only exclusive boot store in Reno. He makes all kinds of gent's boots and shoes to order, and keeps the finest stock of ladies, misses and children's shoes this side of San Francisco. He warrants all his work. You can save money by calling and examining his assortment. *

New Goods — Mrs. McNeely has just received a new and beautiful lot of goods of the latest styles and colors, consisting of ready made suits, dry goods, muslins, prints, white goods of all kinds, table linen, towels, napkins, black silk, hosiery, two-button gloves, gent's kid gloves, also handkerchiefs, ladies handkerchiefs, parasols, Spring shawls, corsets, zephyrs. Millinery and fancy goods of all kinds.

Notice — Mr. Nels. Greenman is no longer our authorized agent. Our patrons will govern themselves accordingly. Sh Lee & Co. *

Interesting to the Ladies of Reno and Vicinity — The new dress making establishment opened by the Misses Vance, on Plaza street, opposite the freight depot, will receive and make to order in the latest styles, all kinds of plain and fancy sewing.*

El Dorado Saloon. — Conrad Zick has just taken charge of this place, opposite Wintermantel's Hotel. Every attention paid to the patrons. Musical headquarters. *

M M Gage	

WASHOE CITY WASHOE COUNTY NEV June 15 1875

At a meeting of the miners in and around Washoe City held on the 15th day of June 1875 William Gregory was called to the Chair and J D Turner was appointed Secretary. In consideration of the fact of the Mining Recorder having permanently removed the records of the Argentine Mining District from said District, it was unanimously resolved that the office of Mining Recorder for said District be declared vacant, the District be abolished and laws thereof be abrogated. It was further resolved that a new Mining District be created under the title and name of Washoe Mining District, Washoe county, State of Nevada. The Act of Congress entitled "An Act to promote the development of the mining resources of the United States," approved May 10 1872, was adopted as a code of laws governing the same in the County. [illegible] of Washoe county was elected Mining Recorder of said District. It was further resolved that the proceedings of the meeting be published in the NEVADA STATE JOURNAL, a newspaper published in the town of Reno, Washoe county, Nevada, for the period of one month. On motion the meeting adjourned.

WM GREGORY Chairman,

J D TURNER, Secretary
